

TRS & ERS Now Allowing Medicine Chest Pharmacy To Fill Prescriptions for 90 Day Supplies

Medicine Chest Pharmacy can now accept ninety day supply prescriptions for ERS and TRS employee plans, and at the same co-pay as mail order. For years, these ninety day prescriptions have only been available from a select few mail order pharmacies, but now, if you are covered by an Employee Retirement System of Texas or a Teacher Retirement System of Texas Medical Plan, your ninety day prescriptions can be filled at Medicine Chest Pharmacy as easy as any other prescription, and at the same cost as mail-order. No more waiting for mail-order delivery, Medicine Chest can fill most ninety day supply prescriptions while you wait.

“We’ve had a lot of customers ask us about filling ninety day prescriptions in the past, and now finally we are able to offer the convenience and speed of this service directly for our customers on ERS and TRS medical plans”, said Joe Weaver, Medicine Chest Pharmacy President.

Medicine Chest also offers convenient same day delivery and features a convenient drive-thru for prescription drop-off and pick-up at most locations. Medicine Chest is close and convenient for all of your pharmacy needs: prescriptions, over-the-counter medications, vitamins and supplements, in-store compounding, and on-line refill requests. So remember, if you are covered by an Employee Retirement System of Texas or a Teacher Retirement System of Texas Medical Plan and have ninety day supply prescriptions to fill, give Medicine Chest Pharmacy a try.
